PROFESSIONAL SUMMARY

Serious and motivated, with a proven ability to effectively handle technical issues. I have gained experience working on various projects, including the **VW38X** and **AUDI_416** as a change Management Coordinator at Dräxlmaier's industrial engineering department which allows me to overcome communication barriers and work collaboratively with others.

WORK EXPERIENCE

Scheduling and Planning Management STGS (Marmon Holdings) • Menzel Fersi

Nov 2024 - Today

- Coordinate and manage production orders generated through the ERP system (SAGE).
- Ensure alignment with priorities and optimize the workflow to meet production targets in terms of quantity, quality, and deadlines.
